- 16 x 1.5" Stainless Steel Wood Screws
- 16 x 1" Stainless Steel Wood Screws
- 1 x Quick-Start Guide

### LINE DRAWINGS

### RECOMMENDED APPLICATIONS

- The BLENDSFBB back box **MUST** be installed in new construction during the pre-wire phase.
- Use the BLENDSFBB back box where the space behind the speaker panel is open, where a metal enclosure behind the speaker panel is open, or where a metal enclosure behind the speaker is required, and also UL and plenum ready; designed to fit snugly between 16" (406mm) on-center framing.
- The back box can be used in walls or ceilings, and assist in insulations reducing the sound transmission into adjacent floor or room, providing a STC attenuation rating of 20.
